

SELECTED BIBLIOGRAPHY

Lichens and FIA/FHM

- McCune, B. 2000. Lichen communities as indicators of forest health. *Bryologist* 103:353-356.
- McCune, B., J. Dey, J. Peck, K Heiman and S. Will-Wolf. 1997b. Regional gradients in lichen communities of the Southeast United States. *Bryologist* 100:145-158.
- McCune, B., J. P. Dey, J. E. Peck, D. Cassell, K Heiman, S. Will-Wolf and P. N. Neitlich. 1997a. Repeatability of community data: species richness versus gradient scores in large-scale lichen studies. *Bryologist* 100:40-46.
- McCune, B., Rogers, P., Ruchty, A., and B. Ryan. 1998. Lichen communities for Forest Health Monitoring in Colorado, USA. A report to the USDA/Forest Service. Corvallis, OR: Oregon State University, Department of Botany and Plant Pathology.
- Neitlich, P. N. and B. McCune. 1997. Hotspots of epiphytic lichen diversity in two young managed forests. *Conservation Biology* 11(1): 172-182.
- Neitlich, P. N., L. M. Hasselbach and S. M. Szewczak. 1999. FHM lichen community data from Washington, Oregon and California, 1998. Pre-Gradient Model Interim Summary. Report to the USDA/Forest Service/Forest Health Monitoring Program. Bishop, CA: White Mountain Research Station.
- Neitlich, P. N. and R. Rosentreter. 2000. FHM lichen community data from Idaho, 1996. Report to the USDA/Forest Service/Forest Health Monitoring Program. Bishop, CA: White Mountain Research Station.

Forest Health Reports Including Lichen Communities

- Rogers, P., M. Schomaker, W. McLain, and S. Johnson. 1998. Colorado Forest Health Report 1992-95: a baseline assessment. Colorado State Forest Service, and USDA Forest Service, Rocky Mountain Research Station and Rocky Mountain Region.
- Rogers, P., D. Atkins, M. Frank, and D. Parker. 2001. Forest Health Monitoring in the Interior West: a baseline summary of forest issues. USDA, Forest Service, Rocky Mountain Research Station, General Technical Report. In Press.

Lichens and Air Pollution

- Ammann, K, R. Herzig, L. Liebendorfer and M. Urech. 1988. Multivariate correlation of deposition data of eight different air pollutants to lichen data in a small town in Switzerland. *Advances in Aerobiology* 51:401-406.
- Kauppi, M. 1980. The influence of Nitrogen-rich pollution components on lichens. *ACTA Universitatis Ouluensis, Seris A Scientiaerum Naturalium No. 101, Biologica No. 9*: Oulu, Finland.
- McCune, B. 1988. Lichen communities along O₃ and SO₂ gradients in Indianapolis. *Bryologist* 91:223-228.
- Muir, P. S. and B. McCune. 1988. Lichens, tree growth, and foliar symptoms of air pollution: are the stories consistent? *Journal of Environmental Quality* 17:361-370.

- Richardson, D. H. S. 1988. Understanding the pollution sensitivity of lichens. *Botanical Journal of the Linnean Society* 96:31-43.
- Rose, C. I. And D. L. Hawksworth. 1981. Lichen recolonization in London's cleaner air. *Nature* 289:289-292.
- Will-Wolf, S. 1980. Structure of corticolous lichen communities before and after exposure to emissions from a "clean" coal-fired power generating station. *Bryologist* 83: 281-295.
- Wit, T. de. 1983. Lichens as indicators of air quality. *Environmental Monitoring and Assessment* 3:273-282.

Lichens and Forest Structure in the Pacific Northwest

- McCune, B. 1993. Gradients in epiphyte biomass in three *Pseudotsuga-Tsuga* forests of different ages in western Oregon and Washington. *Bryologist* 96:405-411.
- McCune, B et al. 1997. Vertical Profile of Epiphytes in a Pacific Northwest Old-growth Forest. *Northwest Science* 71:145-152.
- McCune, B., Rosentreter, R., Ponzetti, J. M., and D. C. Shaw. 2000. Epiphyte habitats in an old conifer forest in western Washington, U.S.A. *Bryologist* 103(3): 417-427.
- Neitlich, P.N. 1993. Lichen abundance and biodiversity along a chronosequence from young managed stands to ancient forest. University of Vermont M.S. Thesis.
- Peck, J. E., & B. McCune. 1997. Effects of green tree retention on epiphytic lichen communities: A retrospective approach. *Ecological Applications* 7:1181-1187.
- Sillett, S. C., B. McCune, J. E. Peck, T. R. Rambo, and A. Ruchty. 2000. Dispersal limitations of epiphytic lichens result in species dependent on old-growth forests. *Ecological Applications* 10:789-799.
- Sillett, S. C. and P. N. Neitlich. 1996. Emerging themes in epiphyte research in westside forests with special reference to cyanolichens. *Northwest Science* 70:54-60.
- Sillett, S. C. & B. McCune. 1998. Survival and growth of cyanolichen transplants in Douglas-fir forest canopies. *Bryologist* 101:21-31.
- Sillett, S. C. & M. N. Goslin. 1999. Distribution of epiphytic macrolichens in relation to remnant trees in a multiple-age Douglas-fir forest. *Canadian Journal of Forest Research* 29:1204-1215.
- Sillett, S. C. and T. R. Rambo. 2000. Vertical distribution of dominant epiphytes in Douglas-fir forests of the central Oregon Cascades. *Northwest Science* 74:44-49.

Lichen Conservation in the Pacific Northwest and Adjacent States

- FEMAT. 1993. Forest Ecosystem Management: An Ecological, Economic and Social Assessment. Report of the Forest Ecosystem Management Assessment Team. USDA-Forest Service, USDC-National Oceanic & Atmospheric Admin. and National Marine Fisheries Service, USDI-Bureau of Land Management, Fish & Wildlife Service, National Park Service and the Environmental Protection Agency.

- Hutchinson, J. and B. McCune. 2000. Status of the globally ranked (G1) rare lichen species *Collema curtisporum* in northern Idaho. Summary report of the status of the species and habitat management recommendations. Report to BLM, Idaho State Office, Boise, ID.
- Hutchinson, J. and B. McCune. 2000. Rare riparian lichens of riparian forest with black cottonwood in northern Idaho. Summary report of the status of the species and habitat management recommendations. Report to BLM, Idaho State Office, Boise, ID.
- Rosso, A. L., McCune, B., and T. R. Rambo. 2000. Ecology and conservation of a rare, old-growth-associated canopy lichen in a silvicultural landscape. *Bryologist* 103(1): 117-127.
- USDA-Forest Service and USDI-Bureau of Land Management. 1994a. Final Supplemental Environmental Impact Statement on Management of Habitat for Late-Successional and Old-Growth Forest Related Species with the Range of the Northern Spotted Owl. Appendix J2. Results of additional species analysis. February, 1994. Portland, Oregon.
- USDA-Forest Service and USDI-Bureau of Land Management. 1994b. Record of Decision for amendments to USFS and BLM Planning Documents within the Range of the Northern Spotted Owl and Standards and Guidelines for Management of Habitat for Late-Successional and Old-Growth Forest Related Species within the Range of the Northern Spotted Owl. April 1994. Portland, Oregon.

Lichen Identification

- Goward, T. 1999. *The Lichens of British Columbia. Illustrated Keys. Part 2, Fruticose Species*. 319 pages. Crown Publications, 521 Fort St., Victoria BC V8W 1E7 (<http://www.crownpub.bc.ca/>) or downloadable pdf files from <http://www.for.gov.bc.ca/hfd/pubs/index.htm>.
- Hale, M. E. and M. Cole. 1988. *Lichens of California. California Natural History Guides No. 54*. Berkeley: University of California Press
- Lindblom, L. 1997. The genus *Xanthoria* (Fr.) Th. Fr. In North America. *J. Hattori Bot. Lab. No. 83: 75-172 (Nov 1997)*.
- McCune, B. and L. Geiser. 1997. *Macrolichens of the Pacific Northwest*. Corvallis, OR: Oregon State University Press.
- McCune, B. and T. Goward. 1995. *Macrolichens of the Northern Rocky Mountains*. Mad River Press, Arcata, California.
- McCune, B. Updated Keys to the Genera *Usnea* and *Xanthoria*. Available online: <http://ucs.orst.edu/~mccuneb/getkeys.htm>

NOTE: For more complete bibliographies, see references in gradient and regional reports.
